

MUGA, 12x24m, High 5m, Wood Look

FRE600203

KOMPAN
Let's play

Item no. FRE600203-0901

General Product Information

Dimensions LxWxH	2382x1390x503 cm
Age group	3+
Capacity (users)	-
Colour options	-

Wood Plastic Composite (WPC) has the same texture and appearance as wood. It is maintenance-free and environmental friendly. WPC fits perfectly into a natural environment. The fully flat inside gives the best bounce experience when playing, this flat wall becomes a part of the game and means the game can flow whilst adding another dimension that can

challenge and develop players' tactical vision of the game. The 3 m x 2 m Multi Goal follows the goal size of FIFA Futsal and IHF Handball regulations. The basketball hoop is placed at the official NBA height of 305 cm, and has the official NBA size of 46 cm in diameter.

MUGA, 12x24m, High 5m, Wood Look

FRE600203

The Wood Plastic Composite panels are made of 100% recycled fibre/wood powder and High Density Poly Ethylene (HDPE). With the dimensions of 860 x 110 x 30mm the boards are extremely strong.

All steel components are manufactured from carbon steel, welding's according EN ISO 5817 & Hot dip galvanised (HDG) according to ISO1461. This process ensures good protection in all circumstances.

The net is made of a Ø4mm black polypropylene, better known as Nylon, with a mesh size of 45 x 45mm and reaches till 5m high. The nets will keep all balls in the MUGA and retains the transparency.

Item no. FRE600203-0901	
Installation Information	
Max. fall height	0 cm
Safety surfacing area	0,0 m ²
Numbers of installers (persons)	2
Total installation time	86.6
Excavation volume	2,86 m ³
Concrete volume	2,15 m ³
Footing depth (standard)	85 cm
Shipment weight	5.234 kg
Anchoring options	In-ground ✓ Surface ✓
Warranty Information	
HDG post	Lifetime
EcoCore HDPE	Lifetime
Spare parts guaranteed	10 years

Each panel has 4 Thermoplastic Vulcanizates plugs connecting the panels to the posts. The plugs reduce the vibration and therefore reduce the noise level. The plugs will also simplify installation as they come with pre-assembled nuts.

KOMPAN Multi Use Games Areas (MUGA) are designed as a flexible system. With the configurator you can easily change size, height, panels, entrances and goals to create a MUGA that fits your environment, budget and purpose.

The WPC boards are attached to 70 x 45 x 3mm welded flanges with stainless steel M8 bolts, nuts and washers. These connections are not visible from the inside and create a strong and safe connection.
